

## CITY ITEMS.

**IN MEMORIAM.**—At a meeting of the officers of the Thirty-second Internal Revenue District, New York, held at the office, No. 130 Broadway, on Tuesday, the 16th inst., at 2 o'clock p.m., Sherburn Shook, Collector, in the chair, and Richard Kerr, Secretary, a Committee consisting of Messrs. Shook, S. E. Gillett, E. H. Gouge, P. Cleveland and R. Kerr was appointed with discretionary power to make all needful arrangements for participating in suitable honors to the memory of the late President, in this city.

The **KNIGHT OVER AND KILLED.**—On Monday last, Harry Dodge, aged 7 years, while attending to his work of the Hudson Railroad at One-hundred-thirty-fifth street, in front of an approaching train, was run over and instantly killed. Yesterday, Coroner's Inquest was held, and the Jury exonerated the engineer from all blame, but the coroner's inquest of the body of Harry Dodge might be very much interested, and required to be published in this Tribune, *Times* and *Herald*.

Like lightning from a storm and tempestuous horizon, has flashed upon us the awful vision of that "miserable man's death" which we were bowing the head over.

It is now proposed to have, and I sincerely trust, will suffice for the solemn duties which must follow the suddenness of grief and sorrow.

While men of all creeds and conditions are seeking expression for their abhorrence and detestation of the deed in human shape who made death "a curse of dread and fear," and then reverting to the character and memory of this great leader of the people, who?

"He left home his family so meek, but he

So clear in his great cause, that his name

Will live like lamp of truth, adored,

The world is grieved at his taking."

**CONSUMPTION—CONSUMPTION.**

We say to persons having Consumption, in whatever stage of the disease, or to those who are laboring under any disorder, which may be connected with it, that they should consult the leading principles of the art and practice the rules of diet and regimen which stop up the pores of the lungs and stop their decay at once, and the patient is at rest. **THE LIFE AND DEATH OF CONSUMPTION.**

President Lincoln's death is the result of consumption, which he had for many years.

Consumption is the disease of the rich and the poor.

It is the disease of the educated and the uneducated.

It is the disease of the ignorant and the learned.
